Communications: September 2019 Bulletin
Tammy Levinson, Communications Chairman

How are you communicating with your members?
- Does everyone have email?
- Does everyone have a cell phone?
- Does everyone have a Facebook profile? Instagram? Twitter?

It will become apparent not everyone is actively using the same communication tools – so please be sure you are reaching your membership! Only then can you reach new members!

You are now well underway with plans for Fall activities and events! If you haven’t already, contact your local Mayors/Councils/Towns and request a proclamation NJSFWC Day – November 16. (sample attached)

Use this anniversary as an opportunity to share Federation Facts at each meeting – communicating the rich history our Federation is celebrating!
