TOP ENVIRONMENT PROJECTS FOR 2020

GFWC Long Valley Juniores

Members created and sold glass bead bracelets to raise money for Australia's Port Macquarie Koala Hospital. This donation helped injured Koala's recover from their burns and injuries due to the devastating wildfires faced by Australia.

GFWC Woman's Club of Runnemede

Rabies Clinic

This club worked together with the Camden County Health Department and the Borough of Runnemede to host a free rabies clinic where Dr. Christine Caserda, of Blackwood Animal Hospital vaccinated 74 dogs and cats. The club collected donations to benefit the Homeward Bound Pet Adoption Center and gave out 100 bookmarkers to pet owners made by a member of their club.

The Hadden Fortnightly EMD

Upcycled Pet Toys

Members created pet toys from upcycled T-shirts donating 50 toys for animals waiting for their forever homes at the Animal Adoption Center in Berlin, NJ.

Suburban Woman's Club of Pompton Plains

Completed the TREX Challenge

Starting in October 2020 this club completed the TREX Challenge by collecting 500 pounds of plastic bags and plastic packaging to be recycled within six (6) months. The TREX company will be creating a bench made from recycled plastic to be given to the club for their accomplishment. They will be installing their new bench in their community.

The Woman's Club of Caldwell

Remediation Pathway Project

Partnered with the Rotary and Board of Education to fund a remediation project for a pathway in the Gardens they maintain at Jefferson School.

Contemporary Club of Hasbrouck Heights, Inc.

Collected and donated items to be recycled into crafts at the local Library. They donated 1000 plastic bags, 758 medicine/vitamin bottles, 708 toilet paper rolls, 451 paper towel rolls, 25 bags of paper clips, 15 bags of rubber bands, and 47 rolls of ribbon.

Woman's Club of Point Pleasant

A Members' husband created and produced a Science Fiction movie demonstrating possible consequences from over pollution of our water sources. The Club promoted awareness by opening viewing up to the public and had a question-and-answer session after the movie.

Woman's Club of Vineland

Collected and donated 710 pairs of shoes for Soles4soles

Metuchen-Edison Woman's Club

The MEWC worked on their local churches garden. They prepped the soil, planted vegetables and took care of the garden throughout the year. Vegetables were donated to the Hands of Hope food Pantry.

Woman's Club of West Milford Township

Used recycled T-shirts to make masks, surgical hats and headbands. A total of 380 masks were made.
