**September 2022 Bulletin**

Please consider helping President Shirley Holly celebrate NJSFWC's 130<sup>th</sup> anniversary in 2024 by incorporating that number into club projects, such as a total of 130 cards or other items donated, or 130 hours or dollars spent on a project.

The Arts and Culture Supplement has been updated and printed in the Yearbook. There are some changes, mostly additions recommended by members or subdivisions requested by judges this year. The additions required renumbering the categories so please consult the updated Supplement for your entry category. This information will soon be found on the NJSFWC website, under Materials. The Supplement and Entry Forms are listed under Achievement Days, general information under Arts & Culture. Please remember to use the proper form for your district, as each district is unique.
